About Me Highly accomplished, versatile and respected professional with good experience ever since I graduated from the university.

Worked as an intern at VasTech Uganda Limited, P.O.Box - Kampala, Uganda 21491 – Uganda. Majoring mainly in Website Design & Development Using Mostly **WordPress** and others sometimes, software Development, Systems Development, Software Training, User Support and many other system developments.

And also worked as a full-time employee at Vastech Uganda Limited later as an IT Systems Support for the past five years. In this role, I was responsible for managing and maintaining the company's IT infrastructure, including servers, network devices, creating Company mails for all employees, Website development and Maintenance of the company, and storage systems. I have extensive experience in installing, configuring, and troubleshooting various hardware and software systems, such as Windows servers and Microsoft Active Directory.

A graduate of Bachelors of Science in Computer Science with Second Class Upper (Hons). Always want to follow a well-defined structured plan of action.

Core Areas of Strength

Systems Development and Construction

Skilled in designs and construction Most especially

Website Design and Development using WordPress.

Ability to implement, train and deliver systems to different categories of Organizations based on properly documented approach.

Skills in Report design and overall documentation of systems

System's monitoring and Maintenance.

Knowledge of Networking (such as TCP/IP switches and routers).

Knowledge of installation, troubleshooting and configuration of PCs and software. All these based on the knowledge and skills I got while working as a Systems Support Officer.

Social Responsibility

Ability to mix and mingle effectively with workmates, clients and community.

Strong interpersonal skills and communications

Ability to network with other professionals and community at large since I was trained on how to work with fellow teammates in order to come up with something important.
